

**REMARKS**

Claims 1 to 4 have been canceled.

Claims 9 to 12 have been added. Support for these new claims can be found in the originally filed and issued claims 1 to 4 of application 09/000,104, for example.

Claims 5 to 12 are currently pending in the present application.

Claim 5 has been amended to be in independent form and include the limitations of the originally filed claim 1. Support for such amendments in claim 5 can be found in originally filed claim 1 of the present invention, for example.

It is now believed that the present amendment is in proper form.

**Interview summary**

Applicants' representative Danielle Sullivan (Reg. 64, 125) spoke with Examiner Palabrica on June 18, 2010 to clarify the necessary language for the claim status and remarks. Examiner also mentioned that the Reissue declaration must include the language that there is no "deceptive intent" in the claim amendments. The declaration document submitted is a U.S.P.T.O form. On page 2 of the declaration, the declaration lists at least one error upon which the reissue is based and also states that "[a]ll errors corrected in this reissue application arose without deceptive intention on the part of the applicant." Applicants thank the Examiner for discussing this matter.

Applicants believe that no fees are due as a result of this amendment. In the event of a fee discrepancy, please charge our Deposit Account No. 50-0552.

Respectfully submitted,
